AT THE GOVERNMENT HOUSE AT  
OTTAWA.  
Thursday, the 6th day of February, 1913.  
PRESENT:  
HIS ROYAL HIGHNESS THE GOVERNOR-  
GENERAL IN COUNCIL.

WHEREAS by clauses 19 and 20 of the "Dominion Lands Act," which Act came into force September 1st, 1908, provision was made concerning the cases of deceased and insane homesteaders, relieving the legal representatives of the residence requirement and making certain other provisions;  
And whereas the "Dominion Lands Act" does not apply to the Railway Belt of British Columbia, which is governed by the "Regulations for the disposal of Dominion lands within the Railway Belt in the Province of British Columbia," established by Order in Council of December 17th, 1889, and amendments thereto, and the legal representatives of deceased and insane homesteaders have not the relief accorded to similar cases on the Prairies;  
And whereas it is considered necessary and in the public interest that the said provisions should apply in the said Railway Belt;

Therefore the Governor-General in Council is pleased to order as follows:—  
The regulations for the disposal of Dominion land within the Railway Belt in the Province of British Columbia, hereinbefore referred to, are hereby amended to provide that all cases of deceased and insane homesteaders in the said Railway Belt shall be dealt with in accordance with the following provisions, namely:—  
*Deceased Homesteaders.*  
In the event of the death of an entrant for a homestead before the completion of the requirements for the obtaining of letters patent therefor, his legal representatives shall only be required to fulfil the cultivation conditions and to erect a habitable house in order to entitle him to obtain letters patent, after the expiration of three years from the date of entry or commencement of the homesteader's residence; or the legal representative may assign the homestead to a person eligible to obtain a homestead entry; and the assignee shall, after (a) the expiration of three years from the date of entry or commencement of the homesteader's residence; (b) holding the homestead for his own exclusive use and benefit from the date of the assignment; and (c) completing the residence and cultivation requirements in the same manner as the

person who made the entry would have been required to complete them, be entitled to letters patent for the homestead.

*Insane Homesteaders.*

In the event of any person who obtained entry for a homestead becoming insane or mentally incapable and, by reason of such insanity or mental incapacity, unable to complete the requirements necessary for the obtaining of letters patent therefor, the guardian or committee of the said person, or any person who, in the event of his death, would be entitled as his legal representative to do so, shall only be required to fulfil the cultivation conditions and to erect a habitable house before the issue of letters patent: Provided that the letters patent shall not issue until the expiration of three years from the date of entry or commencement of the homesteader's residence.

AT THE GOVERNMENT HOUSE AT  
OTTAWA.

Saturday, the 1st day of March, 1913.

PRESENT:

HIS ROYAL HIGHNESS THE GOVERNOR-  
GENERAL IN COUNCIL.

THE Minister of the Interior states, under date the 20th February, 1913, that certain discrepancies had arisen in connection with the surveys of land Crown granted by the Provincial Government and surveys made by the Dominion Government in Sections 5, 6, 7, and 8, Township 26, E. C. M., in the Municipality of Chilliwack, British Columbia, causing a conflict of interests between a group of eight owners of the ground;

The Minister further states that investigation of the matter was made by officers of the Department of the Interior with the result that the various parties by mutual arrangement executed some fifteen transfers of fractional pieces of land rectifying the discrepancies between their various holdings;

That Lewis Arthur Thornton, one of the parties affected, gave up and assigned 3 acres of his land in Legal Subdivision 8 of Section 6 for the purpose of the rectification, and it was agreed by the officers of the Department of the Interior conducting the negotiations that in consideration of his doing so he was to receive an available portion of the North-west Quarter of Section 4 in the said township (being that part of the available portion of the North-west Quarter of Section 4 which is south of the extension westerly of the north line of Provincial Lot 439, Group 2), containing an area of approximately 22.91 acres, more or less, title to same to pass to him by way of purchase at one dollar (\$1.00) per acre;

That the exchange was justified as the 3 acres given up by Mr. Thornton is valuable bottom land, and the acreage he is to receive in exchange is of a high altitude and rough and of little value, and because it was, in any event, necessary to secure the relinquishment of the 3 acres in order to complete the rectifications mentioned,—

The Minister, therefore, recommends that the said available portion of the North-west Quarter of Section 4 be sold to Lewis Arthur Thornton at one dollar (\$1.00) per acre.

The Committee submit the same for approval.

Clerk of the Privy Council.

Tuesday, the 25th day of February, 1913.

PRESENT:

HIS ROYAL HIGHNESS THE GOVERNOR-  
GENERAL IN COUNCIL.

THE Minister of the Interior submits, under date the 18th January, 1913, that an application has been made by F. W. Anderson, C.E., of Kamloops, British Columbia, to purchase on irrigation conditions certain lands in Townships 21 and 22, Range 17, and Township 22, Range 16, west of the 6th Meridian, comprising an area of 2,229 acres, more or less, and being the lands set out in the accompanying schedule marked "A";

That the lands applied for have been inspected by the Agent of Dominion Lands, Kamloops, who reported that, without irrigation, they are unsuitable for anything but grazing;

That the lands applied for have also been inspected by the Chief Engineer of the Railway Belt Hydrographic Survey, who reported that the lands can best be developed and cultivated by irrigation, and without water are suited only for grazing; that they are partly open grazing lands and partly timbered with pine, and, by a careful application of water by irrigation methods, they may be made to produce excellent forage crops and on some sloping benches fruit could be advantageously grown. He also states that Mr. Anderson's proposition is a *bona fide* one, that his financial backing is good, and that he intends to and is capable of developing the land himself,—

The Minister recommends, in view of these favourable reports, that he be authorized to sell Mr. Anderson the lands set out in Schedule "A," hereto attached, on the following conditions:

1. The price of the land to be \$1.00 per acre, the first payment of 25 cents per acre to be made upon notification of sale, and the balance of 75 cents per acre payable upon the satisfactory completion of the irrigation scheme.

2. That at least 35 per cent. of the lands sold must be covered by an irrigation system satisfactory to the Minister within two years of notification of the sale, when the lands so covered will be sold.

3. That the remaining lands be covered by an irrigation system to the satisfaction of the Minister within four years from date of sale, when the lands so covered will be sold.

4. That if 35 per cent. of the lands are not covered by an irrigation system satisfactory to the Minister, within two years of notification of sale, no further consideration will be given his application and his interest in all the land and the moneys paid in will be forfeited.

The Committee submit the same for approval.

HIS ROYAL HIGHNESS THE GOVERNOR-

**W**HEREAS the regulations for the leasing and administration of lands containing limestone, granite, slate, marble, gypsum, marl, gravel, sand, or any building stone, approved by Order in Council, dated 13th May, 1910, as amended by subsequent Orders in Council, provide that application shall be filed by the locator in person with the agent of Dominion lands for the district, and that no person shall be allowed to locate more than one location of forty acres:

And whereas it is deemed to be in the public interest that railway companies should be in a position to acquire whatever quantity of material may be necessary for the construction and maintenance of their railways,—

Therefore the Governor-General in Council is pleased to order as follows:—

The regulations for the leasing and administration of lands containing limestone, granite, slate, marble, gypsum, marl, gravel, sand, or any building stone, approved by Order in Council of 13th May, 1910, as amended by subsequent Orders in Council, are hereby amended by adding thereto the following provision:—

More than one location, however, may be acquired under the provisions of these regulations by any railway company requiring the material described in the application for the construction or maintenance of the road-bed of its railway, and personal application for such locations may be made on behalf of the railway company by any of its responsible officers: Provided that a railway company acquiring by application under these regulations more than one lease shall not be at liberty to sell or otherwise dispose of any of the material taken out under the authority of such leases, and the company shall furnish the Department of the Interior with a statement, made under affidavit, on the first day of November in each year, showing the quantities of material taken out during the year; the lands from which such material was taken; and a declaration to the effect that no portion of the material so taken out was sold or otherwise disposed of. Failure to comply with this provision of the regulations shall render the leases subject to cancellation in the discretion of the Minister.
